A Day in the Life

of Your United Way Contribution

It's 6:30 a.m., and a mother and child are eating breakfast in a safe environment. Each year, United Way invests funds to provide shelter and counseling to women and children in abusive situations.

It's 12:00 p.m., and a homebound senior is receiving a nutritious meal and a visit from someone who cares. Almost 1,600 seniors get help every year through in-home aid, transportation and recreational programs at Council on Aging Senior Center's in Siler City and Pittsboro.

It's just before 9:30 p.m., and a family is going to bed with their tummies full--because their mom stopped by a food pantry on her way home from work. Every year, United Way invests funds to support local food pantries and food distribution efforts throughout Chatham County.

Your generosity makes days like this possible.
Instead of focusing on one cause, we support 18 nonprofits to help the community as a whole. In fact, 1 in 3 Chatham residents are helped by United Way agencies each year.
